Voting Power in The League Of Nations Proves Last Stumbling Block to Conferees.

Mild Reservationists Threaten To Bolt Leaders and Launch Action.

Bi-Partisan Conference, However, May be "Suspended."

(By Associated Press.)

Washington, January 20.—Senate leaders participating in the bi-partisan conferences for compromise reservations to the peace treaty said they were close to suspension of the conferences because of disagreement over the foreign relations committee reservation regarding equality of voting in the League of Nations.

Both republican and democratic members said the conferees were near a complete break but that one more effort would be made toward adjustment late today.

Senator Lodge, republican leader, and Senator Hitchcock were said to feel that it would be useless for the informal committee conferences to proceed if adjustment of differences over this reservation became impossible. Other members of the two committees said that in event of disagreement the bi-partisan conferences might be merely suspended in the hope that the dispute might be brought before the public through Senate debate and pressure brought from the Senate rank and file.

Meantime some of the mild reservation republicans and some democrats were threatening a new movement for compromise on the treaty and it was said the movement would be put under way within 24 hours unless the treaty leaders reported progress of the bi-partisan conference.

RED SUSPECTS
UNDER ARREST

(By Associated Press.)

Seattle, Washington, January 20.—Federal authorities were busy here today examining scores of suspected radicals taken last night in raids which Department of Justice agents said were intended to "break the backbone of radical activities in the Northwest." More than 300 are in custody.

ONE IS KILLED
PENNSY WRECK

(By Associated Press.)

East Liverpool, Ohio, January 20.—One person was killed and seven injured at New Waterford, near here, today, when Pittsburg-Chicago train No. 1007, on the Fort Wayne division of the Pennsylvania Railroad, left the track.

Deported Anarchists Greeted With Open Arms by Soviet Leaders.

OFFICIAL WELCOME GIVEN

"Russia Opens Arms To The Persecuted," is Announcement.

(By Associated Press.)

Terijki, Finland, Monday, January 19.—Russians who were deported from the United States were given what might be termed an official reception just outside this village today.

In the crowd that greeted Alexander Berkman, Emma Goldman and their comrades was M. Zorin, member of the All-Soviet Executive Committee, who, after a brief conference with Berkman, agreed to permit the whole party to enter Bolshevik Russia.

"There is no question that they will be welcomed in Russia," he said. "We will give them work according to their professions and trades, but first we must provide them with comfortable homes and feed them well."

Madame Gorky, wife of the novelist, said when she met the deportees: "Russia opens her arms to all who are politically persecuted."

LERNER THINKS
ALLIES CANNOT
GET EX-KAISER

(By Associated Press.)

Paris, January 20.—Belief that the efforts of the Allies to get former Emperor William out of Holland would prove unsuccessful was expressed today by Baron Kurt von Lerner, Germany's chief representative here.

NEWSPAPERS
FACE SHORTAGE
OF NEWSPRINT

(By Associated Press.)

Washington, January 20.—American newspapers in the middle west apparently will be forty per cent short of their supply of paper, the State Department announced today, as the result of an embargo placed by the Canadian government on all shipments of newsprint paper to the United States from the plant of the Fort Francis Company, in western Ontario.

CINCINNATI—One hundred and eight defendants indicted in United States Court in Covington, Ky., on charges of violating the war-time prohibition law, announced they would plead guilty. Nine defendants pleaded not guilty.

DOWNFALL OF PRESENT GERMAN GOVERNMENT LOOMS NEAR

Mob of workmen surging through Unter den Linden before reichstag and, left to right, Minister of Defense Noske, President Ebert and Premier Bauer.

Dispatches telling of the latest rioting in the German capital, which brought about a declaration of martial law throughout Germany by the Ebert government, depict conditions which indicate that the present Ebert government is nearing its end. It was freely

predicted when the armistice was signed that the government officials who "kneled to the allies" could not long hold sway. Premier Bauer of the Ebert cabinet shocked official circles during the rioting when he announced that independent Socialist members

of the assembly motioned the mob into action from one of the windows of the reichstag. In proclaiming martial law President Ebert announced that Minister of Defense Gustav Noske had been made commander in chief of all armed forces in the empire to handle the situation.

VOTE TO BREAK
TAX LIMITATION
LAW IS AT HAND

Rural Members to Oppose A Permanent Lifting of One Per Cent. Limit.

May Remove Sinking Fund And Interest For Short Period

(By Associated Press.)

Columbus, O., January 20.—The first test vote on the question of breaking the Smith one percent tax law was scheduled to come late today in the Ohio House of Representatives.

At a short session today Representative Beetham introduced for the joint committee on taxation a bill to authorize reversal of interest and sinking fund charges from the ten mill limitations of the Smith law. He said it will be taken up in caucus this afternoon and will come up for a vote later in the day.

He also introduced another temporary relief bill for cities giving them authority to issue bonds to take care of 1920 deficiencies. A similar act was passed by the legislature a year ago for 1919.

Rural forces in the House are expected to oppose a permanent lifting of the Smith law limitation and as a counter proposition may favor an amendment which will provide for removal of sinking fund and interest for two to five years.

BLAST IN GIBSON
STILL MYSTERY

(By Associated Press.)

CINCINNATI, O., January 20.—Fire experts who were investigating the explosion of the linen room of the Hotel Gibson which caused serious injury to three employees and terror to all guests, confessed themselves at a loss to ascertain the cause of the blast.

EIGHTEEN HELD

Two Suspects Taken in New York Have Records in Red Russia.

(By Associated Press.)

New York, January 20.—Search was being made today by the police bomb squad and Department of Justice agents for a half dozen radicals believed to have been leaders in a bomb plot which is declared to have been nipped yesterday by the arrest here of eighteen reds.

Two of the men sought, it was said, were members of a Russian Red Guard when Lenin and Trotsky seized the Russian government.

Judiciary Committee of New York Assembly Ignores Hughes Body.

Forceful Charges Made Against Five Ousted Members.

(By Associated Press.)

Albany, N. Y., January 20.—The Assembly Judiciary Committee which is trying the five suspended socialist members refused at the opening of their trial here today to note the appearance of the New York City Bar Association committee headed by Charles E. Hughes, which asked to be received in the interest of the public.

After the opening of the trial Louis Martin, chairman, read a statement which asserted that the Assembly had learned through various channels that the "defendants were members of a party whose platform demanded complete destruction of our form of government by the fomentation of industrial unrest, the bringing into action of force and violence and direct action by the masses."

The committee's statement also charged that the defendants are with others "engaged in a large and well organized conspiracy" to destroy the right to own private property, to weaken the family, to destroy the church and overturn the whole fabric of a constitutional government.

Free Interchanges Are Planned In Reopening Commercial Relations.

(By Associated Press.)

Paris, January 20.—Elaborate plans for the resumption of commercial relations between the Russian people and Allied nations have been worked out, and it is expected the Bolsheviks will permit the free interchange of manufactured goods and raw materials.

It will be a comparatively simple matter to distribute goods among the Russian people under the agreement announced last Friday by the Supreme Council, it is said by Russians who assisted in the negotiations that preceded the announcement.

Surplus stocks of wheat, flax and lumber await export from Russia, and all that is needed is ocean tonnage to carry these products to the markets of the world.

CHICAGO CLAIMS
1100 NEW CASES
FLU IN 24 HOURS

Most Cases Mild and the Death Rate is Much Under That Of 1918.

Death Rate Due to Pneumonia Is Heavy.

(By Associated Press.)

Chicago, January 20.—Influenza in a mild form continued to spread today at the rate of 1,100 new cases every 24 hours. All available nurses were being mobilized to help combat the epidemic.

The total number of influenza cases exceeded four thousand. The hospitals are filled. During the last 48 hours, 2,279 new cases of influenza were reported, and the deaths numbered 26. There were 382 new cases of pneumonia and 66 deaths.

NEW YORK—Eighteen extremists here have been arrested under deportation warrants. A mass of foreign literature was seized.

WILL TRANSFER

(By Associated Press.)

Halifax, January 20.—The transport Powhatan, disabled about 350 miles east of this port, reported by wireless today that her 271 passengers would be taken off by destroyers when the sea moderates.

Commander of Fleet Appears Before Senate Investigators.

UPHOLDS MEN ON SHIPS

Committee Not Probing Charges Of Delay Made by Mayo

Wants More Attention Given Men Who Saw Service At Sea.

(By Associated Press.)

Washington, January 20.—Rear Admiral Henry T. Mayo, commander-in-chief of the United States fleet during the war, told the Senate Committee investigating naval awards today that his letter to Secretary Daniels on December 28 declaring that the Knight Board did not give sufficient consideration to service at sea, particularly to the duties and responsibilities of members of the staff of the commander-in-chief of the fleet, was not to be considered in any sense one of protest. He read the letter.

Admiral Mayo took a view diametrically opposed to that expressed by Rear Admiral Sims who told the subcommittee that the board in granting awards gave too little consideration to the records of officers who served on shore.

The Navy Department made public Admiral Mayo's letter some days ago. The examination of Admiral Mayo began under the ruling made that the present investigation should be confined to the question of war decoration awards, charges made by Admiral Sims that the Navy Department did not co-operate fully with the allies being deferred for subsequent investigation.

COULD NOT STOP

ARMISTICE DAY

Halting Hostilities Dangerous Declares General Liggett

Work of Staff in Stopping The Fighting Praised

(By Associated Press.)

Washington, January 20.—Answering charges that attacks by American troops on the morning of armistice day resulted in needless loss of life, Lieutenant General Hunter Liggett, commander of the First American Army, told a House investigating committee today that the advance in the Meuse-Argonne sector could not have been stopped because two divisions were astride the Meuse river. Cessation of hostilities in the face of enemy action with these two divisions in that position would have been dangerous, he said. Relay of orders stopping the fighting at eleven o'clock was a remarkable piece of staff work, he testified.

FLU EPIDEMIC
AT MANY POINTS

(By Associated Press.)

Washington, January 20.—Influenza has become epidemic among American soldiers at Camp Grant, at Rockford, Illinois, and the Great Lakes Naval Training Station, Surgeon General Ireland of the army announced today.

The disease is prevalent among American troops in Europe and smaller epidemics have been reported from Fort Sheridan, Illinois, and Love Field, Texas.

MUST BE CAREFUL IN GIVING CHECKS

Ohio has a law covering the issuance of bank checks when there are no funds in the bank to meet them. It makes such an act a felony and one man has been sent to prison for violating the law. The courts reviewed the new statute and held it good. It was drawn to stop the giving of checks that were not good and contains provisions that are far-reaching and powerful, almost severe.

In a prosecution for giving a fraudulent check it is not required that the state shall know an intent to defraud on the part of the maker of the check. The mere fact of issuing the check, when there are no funds to meet it, is prima facie evidence of intent to defraud and the fact of issuance makes the case.

There are people of careless habits, who do not watch their bank balances and at times give checks in excess of their funds. There are others who deliberately put out checks where they have no balances, or where there is a nominal balance, not enough to meet the check, and where they claim, if caught, that their act was merely a mistake. It has been so claimed in many cases under the old law. The new law makes such claim of no value. In Ohio now if a bank sends back a check, not paid for lack of funds, that makes the issuance of the check a felony and puts the maker of the check in sight of prison.

OWNER LIABLE FOR DAMAGES

Mayor V. J. Dahl has issued a request for immediate compliance with the city ordinance which requires that the sidewalks be kept in passable condition during ice and snow periods, and calls attention to the fact that owners of property are liable, under the statutes, for any injuries sustained by a person as a result of neglect to keep the sidewalks passable.

Particular emphasis is placed on the up-town pavements which, in some instances, have been neglected, and which it is desired to have cleared of ice without further delay.

Because of many complaints of street crossings in the up-town district, and liability of the city in case of accident, steps are being taken to have the crossings cleared.

INAUGURATE CLASS IN RELIGIOUS WORK

Tuesday evening a new class in the educational department of the Y. M. C. A. will be started with work pertaining to religious matters under the direction of Dr. Franklin McElfresh, of Columbus, who is known to local citizens.

The first session of the class will open with a luncheon at the Y. M. C. A. on Tuesday evening at six o'clock. This will be followed by the first work in the course.

Ten lessons will constitute the work which will be of special interest to Sunday School teachers, all who expect to do work of a religious nature, and those interested in child welfare. An added inducement to heavy enrollment is that the course will be absolutely free. Churches of the city and the Young Men's Christian Association are attending to the financial side of the work. All who desire to attend this class and take advantage of the opportunity of learning under the direction of Dr. McElfresh are asked to get in touch with Secretary Fraser at the Y. M. C. A.

ASSIGNMENT IS MADE BY SHOOP

H. C. Shoop, for a great many years harness maker and saddler of this city, and who for the past several years has conducted a branch shop in Sabina, has made an assignment to J. B. Worthington, the action being filed in Probate Court by Attorneys Hidy & Sanderson.

Mr. Shoop, who has been doing business under the firm name of H. C. Shoop & Co., states that he has been unable to meet obligations and that it is his desire that all of his property, including the harness shops in this city and Sabina, and all other property of which he is possessed, be fairly distributed among his creditors.

W. T. Hill has had charge of the store in Sabina, and that store, together with that in this city, have formally been taken over by the assignee.

Mr. Shoop in recent years has found that the introduction of automobiles and modern farm equipment have made deep inroads into his business. He is a harness maker and saddler of the old school and has few equals in the manufacture of hand-made leather goods.

HAVE YOU DISEASE IN STOMACH AND BOWELS?

Here's Message From Doctor Who Has Relieved Thousands

Dr. Geo. B. Parker, of Athens Ohio, says: "If I were asked by afflicted people what they should be reminded of the most frequently I would say that they should keep their stomach and bowels in a healthy condition. It matters not what ails a person he can't get well with disease of stomach and bowels as the blood is always impure with indigestion and constipation."

"My favorite medicine to put the stomach and bowels in a healthy condition is Dr. Parker's Treatment for Indigestion and Constipation. I have had long experience and if I knew of a better remedy I would use it instead, but this treatment outstrips anything I know of in the whole line of remedies many times. It contains no poison. It assists nature to throw off all foul and poisonous accumulations that collect and clog in the system and causes that dull, drowsy, lifeless condition." To The Future

With the League of Nations launched, the dream of humanity for over a thousand years becomes an actual reality.

The possibility of another conflict casts its dark shadows across the world and the first duty of the peace organization of the nations may be to engage in war with the forces of Bolshevism which menace the safety of mankind in every nation and will, unless checked in their advances, bring on an era of "dark ages" turning back the hands, on the great dial of progress.

With the birth of the League of Nations, an attempt to guarantee the peace of the world, there were some coincidences which are not as pleasant as we would like.

First and foremost the most distressing feature was the lack of participation by the United States in the great ceremonies.

The real home of the great plan of the world, the great nation whose ideals and whose might of heroism and finance made possible the consummation of the hope of humanity, enduring through all the centuries, was not represented at the conference.

It is not helpful for the future to indulge in placing the blame, according to our personal or political preferences, but it will be helpful, however, to realize that personal differences were and are at the base responsible for conditions which are humiliating in the extreme.

With the coming of the League of Nations we must look forward, not backward. We must push on to our proper place in the great phalanx of peace, not brood over what might have been who is responsible for conditions which place us in a false light and are disquieting to our conscience.

There is yet time. The great work of the League of Nations is ahead and we can play well our part if our public men will forget their jealousies, their petty personal ambitions and grasp the broader vision.

Demanding The Former Kaiser

The formal demand on Holland for the surrender of the former emperor of Germany, William Hohenzollern, has been made. Premier Lloyd George of Great Britain promised the English people and promised the world that the former Kaiser, and his chief co-conspirators, should be brought to the bar of justice and he has never wavered in the determination to make that promise good.

Those English people have a way of making good and keeping eternally at it until they attain a just objective.

It was Great Britain, more than any other nation, that insisted on making the surrender of the former Kaiser a condition of the peace treaty which Germany was required to fulfill.

That the condition was not surplusage in a lengthy document but a vital provision, intended to be observed sacredly, is attested by the formal demand just made on Holland.

Soon the world may see the arch criminals face to face with justice.

The world doesn't want to make a martyr of the old war lord, but it does demand that he pay a penalty for his awful crimes.

A New Conflict Imminent

Developments in Russia have been disastrous to the forces seeking to overthrow Bolshevism and establish a real government in Russia. The anti-Bolshevist forces have been routed and scattered. Bolshevism seems to be strongly entrenched in that great land which was formerly under the dominion of the Romanoffs.

The world must act—it seems that the parting of the ways has been reached. Russia cannot, at least for a long time break the grip of red radicalism which has seized the reins of power.

The allied and associated nations must now follow the road of least resistance and recognize a regime which means the ultimate destruction of all orderly government and social order or they must prepare to give battle to Soviet Russia. A passive policy of aloofness and blockade will no longer avail.

Russia is the great food storehouse, the great granary of Europe. Without the tremendous export of grain and other foodstuffs from Russia Europe will perish unless this nation by a volume of exports in foodstuffs exceeding that of war time, an almost impossible task, keeps back the specter of famine.

POETRY FOR TODAY

STARS

O steady fast stars, you help me so,
The priesthood of your quiet rays.
Is with me when the shadows grow.
Remembered through the days.
Like trees that in the happy wood
Give forth such comfort with their calm,
So stars are to a stormy mood
So wonderful their balm.
Under their peace of perfect power
Our visions readjust their scope.
Earth mid their regence but a flower.
And we but a brood of hope.
All that I need when battles break
And the great shafts and shards of strife
Beat on the hopes and dreams that shake
With tumult in this troubled life—
All that I need is yonder sky
Paved with its stars, so calm so sweet,
Changeless and beautiful and high.
Poised o'er our passion and defeat,
They with their rhythm of viewless speed,
Cloistered and sacred and content,
Fringed on the outskirts where we bleed,
Priests of the firmament.

EASY PREY FOR INFLUENZA AND OTHER SICKNESS

Do not disregard coughs and colds. They are dangerous in themselves, but far more dangerous in the weakening of the system, so that the victim is easy prey for influenza, pneumonia and consumption. There's a wonderful remedy right at hand in Duffee's Cough Syrup, proved by over thirty-five years of continuous success. It acts speedily, effectively and safely, for it doesn't contain a harmful drug. Taken on exposure, it prevents, and for hard colds it is a remarkably quick relief. Used with Duffee's Fifty-Fifty Tonic Laxative, it cleans out the system, removes the congestion, clears away the inflammation and strengthens.

READY TO FIGHT LIFE'S BATTLES

The men and women who win life's battles are physically and mentally right. They take care of themselves and make sure that their blood is charged with life-giving iron and their nerves fed with phosphates.

The foremost doctors all over the world are depending more and more on iron and phosphates to rebuild run-down, overworked men and women, old before their time.

They claim that the healthy, strong, successful men and happy, rosy-cheeked women always have an abundance of Phosphated Iron in their blood; that it is the secret of good health.

Every man and woman can be made strong, keen, healthy and alert, enjoying life's pleasures, if they will renew their blood with iron and phosphates.

Phosphated Iron makes new, rich, red blood, strengthens the nerves, and often increases the strength and vitality of its users 100 per cent. Thousands of men and women "all-in" and worn out have experienced a most astonishing increase of strength and endurance in a very short time by simply taking Phosphated Iron.

Phosphated Iron is put up in capsules only. Do not take inferior pills or tablets. Ask for Phosphated Iron Capsules. Made by Frank Christopher, the druggist; and leading druggists everywhere.

Your Daily Supply of Milk---The Effort

When you bring in your bottle of Milk from the front step each day do you think of the effort required to place it there?

Do you think of the task of collecting this Milk, pasteurizing it in a sanitary plant, placing in sterilized bottles making it fit for your table. Then do you think of the "Milk Man" who, regardless of snow, rain, sleet, ice or mud, brings it to your very door almost as regular as "Big Ben"?

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

The Annual banquet of the Past Matrons and Past Patrons of Royal Chapter Order Eastern Star, the notable event of the organization each year, passed off Monday night with a sparkle and brilliancy which went far to acclaiming it the rival of any social affair of the kind staged in the Temple.

Out of the twenty seven Past Matrons and Past Patrons eligible to this order twenty-four were present, Past Patron S. E. Parrett coming down from Cleveland, and Mr. Walter Herron, retiring Worthy Patron of Royal Chapter, from Columbus purposely for the occasion.

The reception of retiring Matrons and Patrons into the circle of the organization is the special feature of the Annual meeting and interest centered upon these incoming members, Past Matron Mae Rodgers and Past Patron Walter Herron.

At six o'clock the banquet was served—a very elaborate one of four courses, including delicacies out of the ordinary and perfect service.

The table presented a radiant picture, sparkling with silver and crystal and its large center piece of scarlet

carinations, intermingled with fern. The place cards were most ingenious, catch phrases wittily introducing non de plumes and knick names of the members and the hilarity they invoked started every thing off with a swing and zest which kept up all through the dinner and flavored the subsequent hour of toasting.

The President of the Association, Past Matron, Rilla Coffman was debarred by recent sorrow from attending. Mrs. Margaret Colwell taking her place and presiding gracefully through the ceremonies of the banquet. The oast hour was delightful.

Mr. Walter Herron, retiring Patron, resented in prose rhyme retrospect a burlesque picture of all the officers who had preceded him. It was exceedingly clever, witty digression which was fully appreciated by the guests.

Mrs. Mae Rodgers, retiring Matron, made a beautiful little talk, an appreciative tribute to the order.

Past Grand Matron, Eva J. Penn continued in the happy vein of Mr. Herron and aroused the assembly to renewed merriment. Past Patron E. L. Bush looked pained when called upon and asked the guests if they didn't remember that he made the big speech last year. However he yielded and told a few apropos stories.

Mrs. Louise Henkle gave a most entertaining bit of reminiscence, recalling funny happenings of the earlier days of the order that were new to recent members and tremendously enjoyed.

Past Matron Annette Rowe, Past Patron, W. W. Hamilton and others were called upon but insisted that they were in "too fast a class" to respond.

Following the dinner Mrs. Eva J. Penn, Past Worthy Grand Matron, conducted the business session, during which the officers were elected for the coming year. They are Past Matron, Mrs. Fannie J. Hodson, President; Past Patron Walter W. Hamilton, ice president; Past Matron Vera Jearl Secretary and Treasurer.

The committee, composed of Past Matrons Penn, Chairman, Rowe, and Henkle, Past Patrons Bush and Klever won the heartily expressed appreciation of the Association for the faultless way in which the banquet, with all its accessory features, was carried to success.

The efficient catering was in charge of Mrs. Margaret Woodson.

At the Y. M. C. A. Monday evening all members of the educational classes of the night school were entertained by the management with a social hour and refreshments following the regular session of study.

The members of the classes gathered in the auditorium of the Association building where a dainty reception was served by the basket ball team of the Y. M. C. A. Around a piano popular songs became more popular and the gathering terminated in one of the big evenings that have been successfully planned by Secretary F. L. Fraser.

"Ohio women may vote at the April Primaries" is the headline of the last issue of the Headquarters News Bulletin published by the Ohio Women Suffrage Association.

This announcement follows the passing of the amended Reynolds' Bill, which is said to strengthen rather than weaken the measure.

Upon January the sixteenth the federal amendment for Women's Suffrage was ratified by both Houses of the Indiana Legislature.

This makes twenty-six states which have now ratified the Federal Amendment and in which women may vote in Presidential primaries. These States are Arkansas, California, Colorado, Iowa, Illinois, Kansas, Kentucky, Massachusetts, Maine, Michigan, Minnesota, Missouri, Montana, Nebraska, New Hampshire, New York, North Dakota, Ohio, Pennsylvania, Rhode Island, South Dakota, Texas, Utah, Wisconsin, India.

Ohio will be entitled to twenty delegates to the national convention to be held in Chicago, February 12th to 18th besides its State President and Member of the Executive Council. The percentage of States which have ratified the Federal Suffrage Amendment is largely Republican.

Relatives and friends in this city, the former home of the Holdren family will read with much interest that announcement has been made of the engagement of Miss Charlotte Holdren daughter of Mr. and Mrs. H. H. Holdren, to Mr. Charles H. Conger, Delaware. It is to be a spring wedding.

Those who know Mrs. Jack Karns, the talented Dayton artist and sculptor, who has frequently visited at the home of Mr. and Mrs. James Ford, will feel more than passing interest in a series of articles telling of her experiences as a reconstruction aide in the Medical Corps of the United States Army, now appearing in the Sunday issues of the Dayton Journal.

The home of Mrs. Karn's early girlhood was Milledgeville, and in that neighborhood, Mrs. Karn's career has been followed with special interest. In the first story entitled "Where Art and Heart Worked Wonders," Mrs. Karns introduces her work as reconstruction aide at Fort Oglethorpe and Ft. McPherson.

In a preceding editor's note mention is made of Mrs. Karns as the instigator of the Dayton Art Club and the art movement in Dayton which resulted recently in the formal opening of the Dayton Museum of Art. The editor pays her tribute by saying that it is his personal acquaintance with Mrs. Karns and his knowledge of how she put her whole heart and soul into the work as well as her unusual talent for art, which led him to choose the title for his first story.

"The marriage of Miss Jane Leach, daughter the late Dr. Sherman Leach to Mr. Howard Smith of Boston is to take place Monday. The bride-elect has been making her home with Mr. and Mrs. C. E. Galbreath, 197 West Fourth Avenue."—Ohio State Journal.

About 50 members of the Eastern Star were present at initiation Friday evening, when Mr. and Mrs. A. W. Bonecutter and Mrs. Ida J. Lincum were given the degree work.

After initiation a social hour was enjoyed and light refreshments served. A similar meeting will be held again in three weeks."—Wilmington News Journal.

SQUAD GETS PRAISE MAY RESERVE SEATS

Principal O. K. Probasco of Washington High School has received a letter from Principal F. H. Harris of McClain High School, Greenfield, in which Mr. Harris praises the local high school basketball team and states that the indications are favorable for the Washington team to win the cup, a second time and get permanent possession of the trophy.

Professor Harris does not do this because he is more favorable to the Washington squad than to any other school, every fan knows there has always been strong rivalry between Washington and Greenfield, but because he saw the blue and white in action against the McClain team in their first game of the season and knows what the local boys are capable of doing in way of basketball.

It is possible that an arrangement may be effected by the local high school whereby a plat or section of seats for the tournament may be reserved for Washington rooters. In order to feel out the community in regard to reserving seats students and fans are asked to get in touch with Mr. Probasco and signify their intentions. Washington High School would have to guarantee the sale of a certain number of seats before the arrangement could be made.

Two additional rules have been added to the requirements of the league: Any team not reporting at a given time will forfeit two games, providing the other team rolls both games. Any team or individual must roll at least twelve games in order to win a prize.

CHAUTAUQUA PLAN FOR THE INSTITUTE

At a meeting Monday in Wilmington of the superintendents of schools of four counties, Highland, Clinton, Greene and Fayette, plans were formulated for holding a teacher's institute on the chautauqua plan. The dates were set for August 30, 31, and September, 1, 2, and 3.

Superintendents representing the four counties were W. H. Vance (Highland); W. H. Hodson, Clinton; Reynolds, Greene; O. S. Nelson, Fayette. An organization was effected with W. H. Vance, chairman, and W. H. Hodson, secretary.

The superintendents adjourned to meet in this city on February 9th.

WON OVER OPPONENT IN RECENT BATTLE

Promoters of the Bowser-Sandow wrestling match to be staged in this city on next Tuesday evening at the Armory have received a letter from "Young Sandow," (Harry Battlestein) in which he states that he wrestled Bull Anderson of Cleveland on the 15, in front of, and that he won the match although Anderson outweighed him by thirty pounds.

The young man also states that he will do his utmost to win the bout in this city.

SWORD TO CONDUCT SPECIAL SERVICES

Starting on Tuesday evening, January 27th, F. A. Sword pastor and evangelist, who is now conducting a series of meeting in Wilmington, will open a series of meetings of an evangelistic character at the Christian Church in this city.

Rev. G. E. Groves is preparing a special program for the week in order to carry the work to a successful completion.

ROSS COUNTY WILL NOT RE-APPRAISE

The Commissioners and Auditor Barrett, of Ross county have announced that there will be no reappraisal of real property in that county this year unless such action is made mandatory by the State Tax Commission.

The results of present legislation and the disposition of other counties in the state will be watched by the Ross county officials it is announced.

Maximum of Power from a Cold Motor

To attain that happy result means only the giving to the motor fuel that's got the power to deliver and that is easy for the motor to get the power from.

It only means the use of LIBERTY GASOLINE, because it is powerful and is so easy and quick firing that the motor gets every ounce of power from every drop in the tank.

LIBERTY is exceedingly good fuel any time, but in cold weather its value is more apparent. Get LIBERTY at our service stations.

Maximum of Service

The Maximum of Service is assured in a U S L Battery—more, it is guaranteed. And the guarantee is by no means the limit of its service, it is merely the least it shall give.

Its long life is made possible by the exclusive feature of Machine Pasted Plates (the heart of the battery); improved, absolutely tight top cover; hard wood case to withstand road vibration and rough usage; and the fact that the agency is placed with service stations where real battery service is given.

When you think you need a new battery, see a U S L before buying.

DEPORTED REDS GIVEN RECEPTION BY THE SOVIETS

(By Associated Press.)

Terijoki, Finnish-Russian Border Jan. 19.—Undesirable aliens headed by Alexander Berkman and Emma Goldman, deported from the United States, entered soviet Russia at 2 this afternoon. They received an enthusiastic welcome.

The deportees, laden with suit cases and boxes, trudged through the deep snow laughing and singing revolutionary songs as they neared the border. Hearty cheers were raised by the Russians waiting for them on the other side of the frozen Systerbak River, which separates the Finnish and Bolshevik lines.

Willing hands helped them to scramble up the steep banks, and amid the ruins of the war-wrecked town of Bielo-Ostrov.

They dropped their luggage, whistled off their cap as a military band played the Bolshevik anthem and cheering wildly, broke open their boxes of food and cigarettes, brought from the Buford, distributing them lavishly among the crowd.

PAPER SHORTAGE IS FELT IN XENIA

To date The Gazette and Republican have made but slight mention of the fact that all over the country a serious paper shortage is being felt. The situation instead of being relieved is rapidly becoming more acute, and it has been only by dint of far sighted purchase that these papers have been able to get through so far unscathed.

Today however this paper famine has become a reality here, and it is for this reason that the papers are being printed on loose sheets. A carload which should have arrived not later than last Saturday has been delayed and it is on this account that the management is forced to announce, with regret, that until this shipment gets in, it will be unable to furnish its readers with the high class type of service which they are accustomed to receive. It is thought however that within a few days the situation will be relieved.—Xenia Gazette.

M'NAIR CHURCH

The series of meetings at the McNair Presbyterian church are continuing, with Evangelist Z. E. Irvin in charge. Monday night a delegation from the First Presbyterian church was present. Grace M. E. Church will be represented tonight.

Tonight Rev. Irvin spoke on "The Biggest Little Word in the Bible." Tonight he speaks on "A Bad Man's Conversion."

A diversion of Monday evening was presented by Mrs. Rejy and son, who rendered songs in the Armenian language. They sing again tonight.

POLAND CHINA HOG SELLS FOR \$35,000

At a recent sale at Noblesville, Indiana, "Chief's Best," a spotted Poland China hog brought \$35,000.

The hog belonged to Frank Wise and was purchased by Wykoff and Simason, representing the Iowa State Breeders Association. The price is said to be a record one. At the same sale a sow brought \$8,000 and 40 head sold brought a total of \$64,350.

Mart L. McCoy recently was elected head of the Spotted Poland China Breeders Association of Fayette county, and breeders of the spotted type are rapidly increasing in this county.

HOSPITAL NOTES.

Mrs. William Cutlip of Jeffersonville underwent a serious operation at the Fayette Hospital, Tuesday.

SUNDAY SCHOOL NIGHT OBSERVED

At the First Baptist Church Monday evening special services had been arranged for the evangelist, Dr. R. B. Smith, who is conducting services at the Baptist Church this week and the entire Sunday School attended in a body. A large representation of the junior members of the church were present and special music by the Junior Choir was a feature of the service.

Dr. Smith preached an impressive sermon to the young people.

Tuesday evening will be World Wide Guild night.

There will be a special service at the Baptist Church at 2:30 Wednesday afternoon. Dr. Smith will preach.

XENIA TOURNAMENT STARTS WEDNESDAY

Xenia High School has completed all arrangements for the basketball tournament to be held on January 21, 22 and 23. The first game will be played on Wednesday evening between Jamestown and Bell Brook, second game between Yellow Springs and Caesar Creek. Thursday evening Bowersville will clash with Cedarville and in the second game Beaver Creek and Port William come together. Friday night the two winners of the game previous will stage the championship struggle.

Central High School of Xenia's not entered in the tournament because it is stated the team would have the advantage on its home floor. It is probable that a game will be arranged between Central High and the winner of the tournament.

FIRST PRESBYTERIAN SCHOOL MEET

The winter session of the First Presbyterian Church School will open Thursday evening at 7:30 p. m. It will replace the customary prayer meeting. Classes of both men and women are being formed. An especially enthusiastic group of men are anticipating the study of Americanization under Secretary Fraser of the Y. M. C. A. The book used is by Chas. A. Brooks, and in the preparation of it Mr. Fraser collaborated with Mr. Brooks. This will afford an unusual opportunity for Washington C. H. men to come in touch with the great question of the day—the foreigner on our shores, and how to Americanize him. The men's class assemblies are in the Endeavor room at the rear of the lecture rooms; the women's in the Session room.

BRICK COMPANY DIRECTORS MEET

MINE OWNERS ARE GIVEN A CHANCE

(By Associated Press.)

Washington, January 19.—Mine owners were given opportunity today by the coal strike settlement commission to respond to demands presented by miners' spokesmen last week for the rectification of certain wage differentials.

The miners demands which are additional to the request for a general wage increases and the thirty hour week, were met by Tracy L. Guthrie, for western Pennsylvania operators, with the assertion that they merely amounted to methods of raising wages by indirect methods.

Have You Made Your Will?

This is the week of national stock taking, the week when we invoice our assets and determine our liabilities, set apart by the United States Government for the consideration of the people.

What are the assets and liabilities of the nation? Simply the earning power and thrift of the people. The nation is composed of individuals, and what benefits the mass of individuals benefits the nation.

Therefore this week has been set apart as

NATIONAL THRIFT WEEK MAKE-YOUR-WILL DAY WEDNESDAY, JANUARY 21

Have you anything to make a will on? Have you any reason for making a will? If you haven't, what is to become of your family when you pass on?

If you have, do you want a wrangle over your estate? Do you want to see its resources dissipated in court actions? If you don't, you should have a will. That will should be drawn up and entrusted in the hands of some trust company or some person financially responsible and successful who will be able to discharge its provisions.

TAKE STOCK

When you come to make up a will, you take stock of your property. You may realize then how much you have wasted—you may realize how much you might have saved by the application of judicious saving.

If you realize in addition that you earn more when you produce more, that you can save more and apply it to your estate and that you can invest it where it is safe instead of where there is uncertainty about it, you will have accomplished the purpose of setting aside this day.

WISE SPENDING

Provision for the future is simply prolonging the pleasure of today. Prolonging the pleasure of today means the wise spending of money. It means the checking of the profiteer by being sure that you get the full dollar's worth for every dollar you spend. It means the checking of the demand that makes profiteers possible by buying only what you need. It means the accumulation of resources that will insure your future and the future of your family against want and suffering.

Systematic saving that starts when your money is received and sets apart a certain proportion of it is the only kind that really counts. Don't save out of what you

have left—you may have nothing left. Save from what you earn. Let today provide for tomorrow.

WISE INVESTMENT

Then when you have saved, put your investments where they will be safe. Don't dissipate your savings in wildcat schemes.

Your government has provided a way by which any of your savings, from a twenty-five cent piece up, may be securely invested, beginning with thrift stamps, going through to savings stamps, from savings stamps to treasury saving certificates in denominations of \$100 and \$1000, and from that to bonds in any denomination or to any amount, or treasury certificates of indebtedness. There is a government security for every dollar you care to invest. Of this government security there is no question. You are sure to get your money back, sure to get good interest with it.

ADOPT THIS PROGRAM

Let's adopt the program. Let that program read, "Resolved that we will produce more to increase our individual earning capacity; resolved that we will save more from our earnings to prolong our pleasures and assure our future; resolved that we will so invest our savings as to provide a secure bulwark against the demands of the future."

That way we shall pay the government's indebtedness without burden; that way we shall establish our feet upon the sure road of success; that way we shall make our community prosperous, contented and liberty-loving.

Your enlistment in this effort is the one thing needed today to secure stability to American institutions, certainty of your own future and the welfare of those dependent upon you.

INVEST WISELY

Government securities are the best investment for the individual, because they are perfectly safe, easily converted into cash, are tax free and pay good interest. Savings Stamps invest sums slightly less than five dollars, and return 4.27% interest. Treasury Savings Certificates in \$100 or \$1000 denominations return the same interest. Treasury Certificates of Indebtedness may be had of the banks. Government bonds are always good purchases. Invest your money in government securities.

POULTRY PAYS

Consider the case of Petaluma.

Petaluma, a city of 6,000 is the richest city per capita in the world.

It has five busy banks with total resources of \$10,185,739.24. Poultry alone made Petaluma.

4,000,000 Petaluma hens lay 450,000,000 eggs a year.

Poultry Pays and can be as successfully raised in Fayette County as in Petaluma.

Get into the poultry game. Plan a big crop and see it through.

Unfortunately the dreamer doesn't always wake up to find himself famous.

MODERN plumbing is the up-to-date enemy of ill health. Disease gives a "well plumbed" home a wide berth. See that your drainage is open and properly constructed, or rather, let us see to it for you.

OPPORTUNITY

For High Grade Investment

Beginning January 19 W. B. Ruggles, manager of sales for the Akron Maderite Tire and Rubber Co., will be in my office to give you any information you may desire in regard to the wonderful success of investments in the rubber industry.

The future offers even better opportunity because of the foreign demand and the wonderful increase of the automobile. The success of the rubber industry lies in the fact that every year the entire output is used, making a steady increasing demand. This week you can get with your 7% preferred stock a bonus of 50% of common stock. This means with an investment of \$500 you would own \$750 of the corporation's securities. It is a rare chance to be able to get the common stock, and as you are aware here is where the big money is always made.

Come this week and talk it over. I have thoroughly investigated this proposition and consider it worthy to recommend to my customers. Any banker in Akron, Ohio, or at Warren, Ohio, will bear out my statements. Your local banker will tell you of the success of the rubber industry. It speaks for itself.

BEAUTIFUL NEW BANK BUILDING ALMOST READY

After many months of construction the new Washington Savings Bank Building is now virtually completed and takes its place as one of the finest structures of the city. Workmen are busy putting on the finishing touches, attaching the radiators and installing the wiring in the basement but this is only a matter of a short time.

During the process of construction Contractor J. S. Williams experienced no end of delay in obtaining the needed material and time after time was forced to discontinue work for days until the supplies arrived.

Every modern convenience of a banking system has been installed in the new building. Private consultation rooms and private telephone booths have not been overlooked. Rest rooms for the men and women employees of the bank have been provided.

Of great beauty and ornamentation to the interior of the building are the decorations. No labor has been spared to give a beautiful finish to the walls and ceiling.

Tile floors, elaborate marble finishings and beautiful mahogany woodwork add to the attractiveness of the interior.

In finishing the building the basement was not overlooked and the several apartments of the basement will be used as business rooms of the bank system.

No definite time has been set for occupying the new bank. Since March 1st, the Washington Savings Bank has occupied a room next to the new bank on Fayette street.

During the last few days many persons have inspected the new building and the officials of the Washington Savings bank have received many compliments on their new home.

HAD CATARRH AND BAD COLD

Dayton Lady Weak, And Nervous Couldn't Sleep Well.

SAYS HYPO-COD WAS JUST WHAT SHE NEEDED

"I was suffering with a cold which had brought on catarrhal and I was in a weak rundown condition. I had no ambition, and felt as if I couldn't work when I read the Earle's Hypo-Cod advertisement and bought a bottle. Today as a result of using this splendid preparation I have a better appetite. Do my housework with ease now and did a big washing this morning and still feel good. A few weeks ago I couldn't have dreamed of doing it. I rest better nights and the catarrh is about all gone though I've not finished my second bottle as yet," declares Mrs. Butt, 1261 W. First St., Dayton, Ohio.

When the catarrhal and bronchial trouble is bad this time of year it is bound to be much worse as the cold and miserable fall and winter weather approaches. Cold, coughs, and that dead weary feeling that comes with them are sure to follow unless a tonic is taken and the system is toned up this time of year.

Come down to the drug store and get a bottle of Earle's Hypo-Cod. This splendid new and much more powerful, cherry bark, malt, iron, wine, cod liver oil extract and hypophosphites preparation.

Earle's Hypo-Cod is sold here by C. S. Haver's and Frank Christopher's rug store and all leading druggists in nearby towns. Price \$1.25 plus 5c war tax. —Advt.
